## What we did in class 😊

Film Reviews: FCE Result 54-5

Kristína:

What I like about this film is the fact that the main actor **is** seven years **old** but he was very professional. Another thing I like about this film is the retrospective story, plus I like the fact that the movie doesn't have a happy ending. But what I really don't like about this film is the fact that the movie was very boring and for me it was a never-ending story.

Honza the Viking 😞

I'm a great fan of the director Christopher Nolan and Sci-fi movies. So I really enjoyed Interstellar.

This film is a 3-and-a-half-hour-long space adventure. The main theme of this movie is travelling between stars and worlds.

Coat of paint = vrstva

Layer = vrstva (not for paint)

Adelka from Znojmo YUPI!

What I really like about the film is the fact that the main actor died at the end. Another thing is that Rose always had a really nice dress, but what I don't like is the fact that in reality the story never happened. Another thing I don't like is the fact that the movie takes so much time. 😊

The main actor died at the end. 😊

Rose always had a really nice dress.

The story never happened in reality.

Anicka's review: Mad max II

The post-apocalyptic sci-fi film = genre - 1<sup>st</sup> paragraph

2<sup>nd</sup> paragraph.

It's about the man who has lost his family and now he's a lonely pilgrim in an empty desert

world. There isn't a lot of petrol in this world so there is a never-ending war between the tribes living in the desert. And then the drama starts.

Tough = drsné

Picasso, Gala, and Dali turn up at the cradle of art, on Montmartre. MM is a place where all the creative people and musicians meet. Gala

and Dali are happy! Paul Eluard comes to Montmartre. He cannot forgive Dali for stealing his wife. A scandal begins. Paul wants Gala back and he starts to insult her vulgarly. Gala ignores the insults, but Dali answers that the woman of a genius has to be the object of the whole society's desire, and he adds: "I have waited 27 years for her! She's mine! We are inseparable! We are SalvadorGalaDali!" And that's the way he gets Gala for the second time. Picasso calms Eluard down, and leads him away. Dali and Gala promise faithfulness to each other forever.

### 13. Celebration

They celebrate their love with the Gordian Knot dance in the Parisian heaven.

### 14. The wedding at the chicken market

Picasso chooses the chicken market for their wedding and creates a surrealist picture from it. Dali also gets Eluard to the celebration. He chooses carefully the kinds of hens and roosters. Among them there are perfect pieces, for example Rembrandt's hen, ennobled by the

master Rembrandt himself. All Paris is filled with chicken clucking.....clouds of feathers....Picasso opens all the cages and lets the hens and roosters out: “Freedom, freedom!” The hens celebrate their newly won hen rights. The wedding-show-battle-bullfight “of the grooms and brides” – well done! Dali and Gala kiss each other until they choke.
